

MENSA FOR KIDS

What is „Mensa for Kids“?

All children of students between the ages of zero and ten receive a free meal in the refectory on a children's plate upon request. For the children's meal, you need a Mensa-Kinderkarte (in English: Refectory children's card) from the Studierendenwerk Tübingen-Hohenheim. Mensa for Kids is a joint initiative of the Ministry of State, the Ministry of Science and the student unions in Baden-Württemberg.

How does it work?

1. Get registered

With your valid student ID and proof of age for your child, pick up a Mensa-Kinderkarte at our InfoPoints for a 5€ deposit. For all refectories without InfoPoint, please contact the cashier directly.

The InfoPoints are usually open during lunch hours. The exact opening hours of our refectories and InfoPoints can be found on our website: my-stuwe.de/en/refectory/

The validity of the Mensa-Kinderkarte is limited to the end of the respective semester. An extension will be issued by our staff at the InfoPoints / cash desks.

2. Choose food

Your child is free to choose his or her meal and will receive it from the service staff at the food counter on an extra children's plate.

All meals in the refectory are available for selection for the children's plate. Excluded are meals in the cafeterias, beverages and merchandise.

To receive a free child's plate, a student ID must be presented at the cashier's desk and a parent meal must be paid for at a higher value than the child's meal. Show Mensa-Kinderkarte and leave as a deposit for the children's plate at the cashier. The food on the child's plate will be recorded but not charged. After the meal, return the children's plate to the cashier and pick up the Mensa-Kinderkarte.

3. Come again

On your next visit, bring the Mensa-Kinderkarte again and simply present it at the serving counter.
