

HOUSING

Find out everything you need to know about the application process in our halls of residence.

How can I apply?

You can only apply online for a place in one of our halls of residence. Multiple applications do not increase your chance of receiving an offer.

When should I apply?

As soon as you know that you will be studying at one of our locations. Even if you do not yet have a letter of admission or a certificate of study, you can still apply online. You should submit the missing documents as soon as you receive them.

What happens after my application?

After submitting your online application, you will receive an e-mail with your application data and further information. An e-mail with a link will be sent to you at regular intervals. In order for us to know that you are still interested in a room, you must confirm this link within five days. This way you will remain in the applicant pool.

Visit

On our homepage you can find descriptions, pictures of many dormitories and rooms. Unfortunately, it is not possible to have a look into the dormitory, because the rooms are occupied all the time.

When will the room offers be sent out?

The allocation of rooms begins two months before the start of the semester by e-mail. However, we need your complete application documents for this. This means that we cannot offer you a room without your letter of admission or certificate of study.

What is the move-in procedure?

Move-in is only possible from the beginning of the contract from Monday to Friday during the working hours of the caretakers. Before handing over the rented room, you must pay a deposit, the amount of which is specified in the rental contract. You will only receive the keys from your caretaker upon presentation of proof that the deposit has been paid. You will receive further information about moving in from your hall of residence administration timely.

I have not received a housing offer. What are my alternatives?

For Tübingen, Stuttgart-Hohenheim, Reutlingen, Rottenburg and Albstadt-Sigmaringen, the Studierendenwerk offers an online platform with apartments from private accommodation providers. You can use this platform free of charge.

How long is the rental period?

The regular rental period is limited to the term specified in the contract and is usually six semesters*. The rental contracts are semester contracts that can be terminated by you at the end of each semester with a notice period of two months.

*Except for programme, master and erasmus students
